

THE GRUFFALO®

Big Gruffalo Adventure

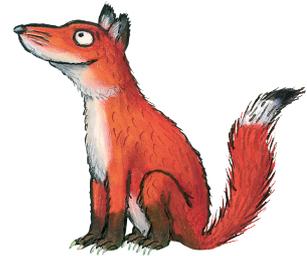

Join the Gruffalo on an adventure through the forest to find Fox, Owl and Snake – in your own home! Cut out these clues and hide them to lead your little ones to the Gruffalo cupcakes without having to leave the house.

Are you ready for your surprise? Our first stop is to find Fox. Do you remember where Fox lives? Underground! That's because foxes use burrows to shelter their cubs and store food. Where do you like to burrow when it's night-time? Your bed! Follow the Gruffalo footprints and you'll find Fox under there!

Oh no, I don't have your surprise – you need to find Owl! Owls like to find open nooks in trees, as the height protects them from predators and lets them to see prey. Where is a tall wooden shelf or desk in your house? Follow the Gruffalo's footprints to find him there!

You're almost there... you need to find Snake in his log pile house! Snakes like to create their log piles in a cool, dark spot, such as under a hedge, to shelter for hunting or hibernation. Follow the footprints to your nearest hedge or tree to find him!

Good job! You've found the Gruffalo crumble. Enjoy them with your family and friends!
